1 What's New in SAP Solution Sales Configuration, cloud edition

Title	Description	Action	Type	Available as of
Spring Framework upgrade	Spring framework upgraded to version 7	Info only	Changed	2026-07-31
Spring Boot upgrade	Spring boot upgraded to version 4	Info only	Changed	2026-07-31
JDK-21	SSC Cloud Engine has been updated to leverage JDK 21 bringing the platform in line with modern industry standards. The product has been updated to a newer version of Java with long-term support. This change allows us to keep up to date with industry standards, maintain continuous innovation and stay current with the overall Java-based ecosystem.	Required	New	2025-10-30
API Enhancement	The GET API /v1/configurations has been enhanced to also return subConfigId and subInstId parameters as part of response.	Info only	Changed	2025-10-30

Title	Description	Action	Type	Available as of
Delta Bean	The GET <code>/api/v1/configurations/{configurationId}</code> has been updated with new query parameter <code>getDeltaBean</code> and <code>getDeltaBeanAdditionalInfo</code>. <code>getDeltaBean</code> retrieves only the changed configuration in the response there by reducing the network traffic considerably. <code>getDeltaBeanAdditionalInfo</code> retrieves additional delta bean information such as conflicts, variant-Conditions, and characteristicGroups	Recommended	Changed	2025-09-30
New API for Variant Tables	A new API has been introduced to fetch Variant Tables for the Knowledgebase <code>/api/v1/knowledgebases/{kid}/variantTables/{VariantTableName}</code> Refer SAP Business Accelerator Hub for more details about the new API.	Info only	New	2025-08-28

Hyperlinks

Some links are classified by an icon and/or a mouseover text. These links provide additional information.

About the icons:

- Links with the icon  : You are entering a Web site that is not hosted by SAP. By using such links, you agree (unless expressly stated otherwise in your agreements with SAP) to this:
 - The content of the linked-to site is not SAP documentation. You may not infer any product claims against SAP based on this information.
 - SAP does not agree or disagree with the content on the linked-to site, nor does SAP warrant the availability and correctness. SAP shall not be liable for any damages caused by the use of such content unless damages have been caused by SAP's gross negligence or willful misconduct.
- Links with the icon  : You are leaving the documentation for that particular SAP product or service and are entering an SAP-hosted Web site. By using such links, you agree that (unless expressly stated otherwise in your agreements with SAP) you may not infer any product claims against SAP based on this information.

Videos Hosted on External Platforms

Some videos may point to third-party video hosting platforms. SAP cannot guarantee the future availability of videos stored on these platforms. Furthermore, any advertisements or other content hosted on these platforms (for example, suggested videos or by navigating to other videos hosted on the same site), are not within the control or responsibility of SAP.

Beta and Other Experimental Features

Experimental features are not part of the officially delivered scope that SAP guarantees for future releases. This means that experimental features may be changed by SAP at any time for any reason without notice. Experimental features are not for productive use. You may not demonstrate, test, examine, evaluate or otherwise use the experimental features in a live operating environment or with data that has not been sufficiently backed up.

The purpose of experimental features is to get feedback early on, allowing customers and partners to influence the future product accordingly. By providing your feedback (e.g. in the SAP Community), you accept that intellectual property rights of the contributions or derivative works shall remain the exclusive property of SAP.

Example Code

Any software coding and/or code snippets are examples. They are not for productive use. The example code is only intended to better explain and visualize the syntax and phrasing rules. SAP does not warrant the correctness and completeness of the example code. SAP shall not be liable for errors or damages caused by the use of example code unless damages have been caused by SAP's gross negligence or willful misconduct.

Bias-Free Language

SAP supports a culture of diversity and inclusion. Whenever possible, we use unbiased language in our documentation to refer to people of all cultures, ethnicities, genders, and abilities.
