Products Eligible for SAP C/4HANA Foundation

1 Products Eligible for SAP C/4HANA Foundation

This document lists SAP C/4HANA products that make you eligible to use SAP C/4HANA Foundation.

SAP C/4HANA Foundation, including the cockpit, is automatically provisioned after the purchase or subscription to one of the primary cloud products in the SAP C/4HANA suite.

i Note

SAP C/4HANA Foundation, including the cockpit, is an offering intended to augment your experience with SAP C/4HANA products. Currently, for some customers, it is not possible to display certain entitlements in the cockpit, or to sign in to SAP C/4HANA cockpit altogether.

Unavailability of the cockpit, or of an entitlement in the cockpit, does not prevent you from using any SAP C/4HANA product that you have purchased or subscribed to. In cases of inconsistencies, always refer to your contract for the complete list of products that you are entitled to use.

Beta and Other Experimental Features

Experimental features are not part of the officially delivered scope that SAP guarantees for future releases. This means that experimental features may be changed by SAP at any time for any reason without notice. Experimental features are not for productive use. You may not demonstrate, test, examine, evaluate or otherwise use the experimental features in a live operating environment or with data that has not been sufficiently backed up.

The purpose of experimental features is to get feedback early on, allowing customers and partners to influence the future product accordingly. By providing your feedback (e.g. in the SAP Community), you accept that intellectual property rights of the contributions or derivative works shall remain the exclusive property of SAP.

Example Code

Any software coding and/or code snippets are examples. They are not for productive use. The example code is only intended to better explain and visualize the syntax and phrasing rules. SAP does not warrant the correctness and completeness of the example code. SAP shall not be liable for errors or damages caused by the use of example code unless damages have been caused by SAP's gross negligence or willful misconduct.

Gender-Related Language

We try not to use gender-specific word forms and formulations. As appropriate for context and readability, SAP may use masculine word forms to refer to all genders.
