1 About this Document

This document defines the functional scope of the SAP Forms service by Adobe. Further restrictions may apply based on your license agreement with SAP. Functions and capabilities described in the documentation of this product may exceed the functional scope of the product to explain the integration with other SAP products, which must be licensed separately.

2 SAP Forms Service by Adobe: Feature Scope Description (Multi-Cloud Environment)

Note

You can set up and run the SAP Forms service in SAP BTP, Cloud Foundry environment or Kyma environment.

The service includes the following features and capabilities:

Feature	Description
Creation of print forms and interactive forms	Create print forms and interactive forms that look exactly like their paper counterparts.
Connections from cloud and on-premise applications	Use cloud or on-premise applications to work with the SAP Forms service by Adobe.
Manage comments and reviews	Annotate PDF documents and collaborate on PDF document reviews.
Digital signatures	Allow users to digitally sign PDF documents.
Embedding other file formats	Embed other file formats inside PDF documents as attachments.
Pre-fillable interactive forms	Pre-fill interactive forms to save time and reduce errors.
Support of bar codes out-of-the-box	Use bar codes for your PDF documents.
PDF/A conversion	Convert PDF documents to the PDF/A format for archiving.
Support of built-in syntax checks	Use interactive forms with built-in syntax checks.

3 Browser Support

For UIs of the SAP BTP, such as the web-based administration interface (cockpit), the following browsers are supported on Microsoft Windows PCs and, where mentioned below, on MacOS:

Browser	Versions
Microsoft Internet Explorer	As of version 11 (end of support: October 1, 2021)
Mozilla Firefox	Extended Support Release (ESR) and latest version
Google Chrome	Latest version
Safari	7.0 or higher (for MacOS only)

For the SAP Forms service configuration UI, the following browsers are supported on Microsoft Windows PCs:

Browser	Versions
Microsoft Internet Explorer	10 or higher (end of support: October 1, 2021)
Google Chrome (recommended)	Latest version

4 Service Level Agreement

For more information, see [Service Level Agreement for SAP Cloud Services](#) . This agreement document for cloud service offerings from SAP forms the basis of your contractual relationship with SAP when referenced in specific order forms. This document contains a specific section about SAP BTP covering uptime, credits, update windows, and others.

Important Disclaimers and Legal Information

Hyperlinks

Some links are classified by an icon and/or a mouseover text. These links provide additional information.

About the icons:

- Links with the icon  : You are entering a Web site that is not hosted by SAP. By using such links, you agree (unless expressly stated otherwise in your agreements with SAP) to this:
 - The content of the linked-to site is not SAP documentation. You may not infer any product claims against SAP based on this information.
 - SAP does not agree or disagree with the content on the linked-to site, nor does SAP warrant the availability and correctness. SAP shall not be liable for any damages caused by the use of such content unless damages have been caused by SAP's gross negligence or willful misconduct.
- Links with the icon  : You are leaving the documentation for that particular SAP product or service and are entering an SAP-hosted Web site. By using such links, you agree that (unless expressly stated otherwise in your agreements with SAP) you may not infer any product claims against SAP based on this information.

Videos Hosted on External Platforms

Some videos may point to third-party video hosting platforms. SAP cannot guarantee the future availability of videos stored on these platforms. Furthermore, any advertisements or other content hosted on these platforms (for example, suggested videos or by navigating to other videos hosted on the same site), are not within the control or responsibility of SAP.

Beta and Other Experimental Features

Experimental features are not part of the officially delivered scope that SAP guarantees for future releases. This means that experimental features may be changed by SAP at any time for any reason without notice. Experimental features are not for productive use. You may not demonstrate, test, examine, evaluate or otherwise use the experimental features in a live operating environment or with data that has not been sufficiently backed up.

The purpose of experimental features is to get feedback early on, allowing customers and partners to influence the future product accordingly. By providing your feedback (e.g. in the SAP Community), you accept that intellectual property rights of the contributions or derivative works shall remain the exclusive property of SAP.

Example Code

Any software coding and/or code snippets are examples. They are not for productive use. The example code is only intended to better explain and visualize the syntax and phrasing rules. SAP does not warrant the correctness and completeness of the example code. SAP shall not be liable for errors or damages caused by the use of example code unless damages have been caused by SAP's gross negligence or willful misconduct.

Bias-Free Language

SAP supports a culture of diversity and inclusion. Whenever possible, we use unbiased language in our documentation to refer to people of all cultures, ethnicities, genders, and abilities.
